THE GREEN

Spare a thought for our volunteer Greenkeepers who have done a great job for all of us these past few months. Because of unfavourable weather conditions we have occasionally had to change dates for Club Championship games and cancel others. You might think this is not a problem, after all it's only a few times this has happened. However, when you get a backup of games, important jobs on the green as well as general maintenance balancing the needs of our bowlers with keeping the green in top condition becomes more difficult. Just want to acknowledge the work our guys do and apologise for the times we interfere with their work by having to reschedule the odd game.

Confirmation of our volunteers' good work comes by way of the CDLBA awarding us the Ladies District Champion of Club Champion 4's to be held on July 10th and 11th this year.

JOKE OF THE WEEK

Opening the floor for questions can be disastrous. A Doctor addressing a large audience in Oxford

"The material we put into our stomachs should have killed most of us sitting here, years ago. Red meat is full of steroids and dye. Soft drinks corrode your stomach lining. Chinese food is loaded with MSG. High trans-fat diets can be disastrous and none of us realizes the long-term harm caused by germs in our drinking water. But, there is one thing that is the most dangerous of all and most of us have, or will eat it. Can anyone here tell me what food it is that causes the most grief and suffering for years after eating it?"

After several seconds of quiet, a 70-year-old man in the front row raised his hand, and softly said, "Wedding Cake".....
